

# TENNESSEE STATE FAIR

## SEPTEMBER 15-20, 1919

### Coming to the Fair This Year Is Like Going to School

Because you will learn things. The problems of farm life are daily increasing. New farm machinery, new ideas, will be found of immense benefit. And in these days of high cost and high prices, every proven idea for adding to profit, will be itally interesting to the man on the farm.

## THIS AFTER-THE-WAR FAIR WILL BE THE BIGGEST OF THEM ALL

Thirty-five thousand dollars will be given in premiums—\$15,000 will be spent in free and thrilling attractions. There will be horse racing and many other kindred sports. Each exhibit will surpass that of any other year. The live stock, agriculture, horticulture, machinery and implements exhibit are immense, while the dairy and poultry shows and the apiary exhibit give promise of being the best in the South.

There will be the newest automobiles and trucks, tractors and other motor equipment for the farm, which in recent years has done so much to relieve drudgery and save time.

And then, the countless scores of exhibits, of this and that, so interesting and so educational for all.

Don't miss the fair this year. The few days you spend in Nashville will prove to be best invested hours you have made in many years.

### Farmers Watch for This Pest.

The European Corn Borer (Pyrausta nubilalis) is known to be present in thirty-five towns in the vicinity of Boston, Massachusetts, and in two widely separated areas in New York State. It has spread rapidly, and there is a general belief that it may soon be found in other States. For that reason everyone is urged to co-operate in the control of this pest.

This insect winters over as a caterpillar in cornstalks and some of the large weeds. About the middle of May it pupates and emerges as a moth, which lays a large number of eggs, sometimes as many as 700. The caterpillars from these eggs feed upon early corn and weeds and do considerable damage. About the last of July these caterpillars pupate, and early in August another generation of moths appears. These lay their eggs (this time about 900) on corn and weeds (principally corn), and do a vast amount of damage, feeding on the stalks and ears or corn. One caterpillar which is present in the old cornstalk or weed in the early spring may be responsible for 315,000 borers up to the first of September. It is this caterpillar, or borer, that passes the winter in the cornstalks and large garden weeds, such as pigweed, ragweed, barnyard grass and other thick-stemmed plants.

As this insect passes the winter in cornstalks and weeds, every effective destructive measure are offered. Pull up and burn all cornstalks, together with all old vines and all large weeds throughout and around the garden.

Farmers of Jackson county desiring information about this corn borer are requested to write the TENNESSEE STATE BOARD OF ENTOMOLOGY Knoxville, Tenn. Care University of Tennessee.

## A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Theodor's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theodor's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit.

If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., unless something is done, serious trouble may result.

Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Theodor's, the original and genuine. B 79

## RICH LEVEL FARM AT AUCTION

ON THE PREMISES

September 18, 10 A. M.

THIS FARM IS LOCATED FIVE AND ONE-HALF MILES NORTHEAST OF NASHVILLE, TENN.

In Pennington's bend on the Cumberland river. A turnpike road leads to the farm, which is owned by Robt. Young, and contains 348 acres of as fine land land as there is in Davidson, or any other county. Land practically all in cultivation, except 25 acres, which is in woods, and has a park and boat landing used profitably as picnic grounds.

The open, or cultivated lands are suited to any crops raised in Tennessee—corn, hay, etc.—hog and hominy farm. The same is well fenced and has plenty of water. Improvements consist of a six-room house, four tenement houses, two barns, horse and cow and hay shed, 200-ton concrete silo in perfect order—in fact, everything is ready for money making from the start.

We have divided this farm into six tracts, with building sites on each tract, and will sell separately and them as a whole, the price bringing the largest sum will stand without reservation.

At the same time and place we will sell all the live stock, consisting of twenty head of horses and mules, forty head of black Angus cattle, with eighteen suckling calves, besides other cattle, forty head of Duroc hogs, sows, pigs and shoats, some registered.

The sale will be held rain or shine. There is money to be made on this class of lands, so be on hand. Conveyances at office to show the property before day of sale.

FREE—An old-time barbecue will be served at noon, with plenty for all.

TERMS OF SALE—On lands, one-third cash, balance on 1, 2, 3 and 4 years, with six percent interest. Live stock and farm implements six months' time, with six percent interest and bankable note. All sums less than \$50, cash.
